Summary

I worked as a UX UI Designer for two volunteer works. I know about digital accessibility, CRO, mobile interface, research methodologies, desktop interface, survey, usability testing, prototyping, journey mapping, interaction design, wireframe, and more.

Projects

- **NGO Conexao Solidaria - volunteer work** / January 2022 - May 2022

I worked as an end-to-end UX UI designer creating a website design. I used in this project desk research, user journey, heuristic analysis, digital accessibility analysis, survey, flowchart, wireframes, usability testing and prototyping.

- **Floriculture App** / November 2021 - January 2022

I worked as a UX UI designer from the project's end to end, designing an e-commerce application for floriculture. I utilised desk research, competitor analysis, survey, persona, flowchart, wireframes, usability testing and prototyping.

Skills

- **UX Design:** Research, Persona, User Journey Map, Information Architecture, Flowchart, Survey, User Testing, Competitor Analysis, Digital Accessibility.
- **UI Design:** Wireframe, Interface Design Web And Mobile, Prototype, Heuristic Analysis.
- **Tools:** Figma, MarvelApp, Invision, Maze, Miro, Jira, Hotjar.
